Thank you!

Thank you for visiting Nirvatatva. I am Arjav Choudhary (Jain) , the founder and owner. Starting this journey has been both challenging and exciting. What began as curiosity about design and trade has grown into a vision to create furniture that carries quality, culture and craftsmanship across borders.

From the very beginning, I have been fascinated by import and export. It allows ideas, stories and traditions to travel from one part of the world to another. Nirvatatva is built on this belief, blending creativity with business to connect people through products that are timeless and responsibly made.

Your trust and support mean a lot. Every visit, purchase and conversation encourages me to keep learning, improving and building stronger relationships worldwide. I look forward to growing Nirvatatva with you and sharing many more creations in the future.
